

SONI Grid Code Modification Proposal Form

Email To:
gridcode@soni.ltd.uk

Title of Modification Proposal:

SPID (SONI PROPOSAL ID) **01_2023**

Date:	25/04/2023		
Company Name:	SONI		
Applicant Name:	Grid Code Team		
Email Address:	gridcode@soni.ltd.uk	Tel:	+44 28 90 794336
Grid Code Version:	SONI Grid Code version – February 2023 [Latest Version] https://www.soni.ltd.uk/media/documents/Feb23_SONI-Grid-Code.pdf		
Grid Code Section(s) Impacted by Modification Proposal:	GD1 Defined Terms		
Modification Proposal Justification:	Demand Side Unit System Operator Interface Agreements have been in use for a number of years. The agreements are already in place between the TSO and the vast majority of the existing Demand Side Unit Operators. This is to incorporate these agreements into the Grid Code.		

Red-line Version of Impacted Grid Code Section(s) - show proposed changes to text:

Deleted text in ~~strike-through red font~~ and new text highlighted in *blue font*

Definition:

Individual Demand Site	A single premises of a Demand Customer connected to the Transmission System or a DNO Demand Customer connected to the Distribution System with a Demand Side Unit MW Capacity . Where the Individual Demand Site forms a Demand Side Unit or is part of an Aggregated Demand Site of which Demand Side Unit Operator has entered into a Demand Side Unit System Operator Interface Agreement with the TSO with respect to that premise.
Demand Side Unit System Operator Interface Agreement	The bilateral agreement between the TSO and the Demand Side Unit Operator , which contains the detail specific to the Individual Demand Site(s) .

Green-line Version of Impacted Grid Code Section(s) - show proposed final text:

Individual Demand Site	A single premises of a Demand Customer connected to the Transmission System or a DNO Demand Customer connected to the Distribution System with a Demand Side Unit MW Capacity and where the Individual Demand Site forms a Demand Side Unit or is part of an Aggregated DSU of which Demand Side Unit Operator has entered into a Demand Side Unit System Operator Interface Agreement with the TSO with respect to that premise.
-------------------------------	---

Demand Site Unit System Operator Interface Agreement	The bilateral agreement between the TSO and the Demand Side Unit Operator , which contains the detail specific to the Individual Demand Site(s) .
---	---

Defined Terms (Bold):	Demand Site Unit System Operator Interface Agreement
Implication of Not Implementing the Modification:	The purpose of this proposal is to recognise the use of these agreements and to describe who the agreements apply to.
Assessment	<p><u>Overview:</u> This modification is proposed to incorporate Demand Side Unit System Operator Interface Agreements into the Grid Code.</p> <p><u>Background:</u> Demand Side Unit System Operator Interface Agreements have been in use for a number of years. The agreements are already in place between the TSO and the vast majority of the existing Demand Side Unit Operators.</p> <p><u>Analysis & Opinion:</u> The purpose and intention of this is to formalise the use of these agreements as well as clarifying their contents.</p> <p><u>Conclusion:</u> The modification is proposed to update the NI Grid code to incorporate agreements made between DSU Operators and SONI. The purpose and intention of this is to formalise the use of these agreements as well as clarifying their contents.</p>
